

2023 Research Plan Grades K-5

Student: _____

Adult Sponsor: _____ Sponsor e-mail/phone: _____

School: _____ Grade: _____

Start date of this project: _____ (after all approvals obtained)

Project Description. On an attached sheet of paper include a description of your project. The description should include the following:

- **Title:** Provide a descriptive title to your project to help judges know what the project is about.
- **Resources:** List any books, web-pages, or other materials that you used to learn about your project.
- **Hypothesis:** This is a short testable statement of what you expect the project to show.
- **Equipment:** List what materials or other supplies you will be using in the project.
- **Procedure:** Write out what you plan to do, so that your teacher, parents, and the SRC know plan and can approve it. Discuss any hazards in the project and what you will do to remain safe. Discuss how you will properly dispose of any items after experimentation.

Does your project include (check all that apply):

- _____ 1. Working with hazardous chemicals, activities or devices (such as cleaning fluids, motor oils, projectiles, open flame, or flammable materials, etc.)?
- _____ 2. Working with human subjects?
- _____ 3. Working with any type of animal?
- _____ 4. Working with pathogenic agents or controlled substances? (Form 6A is also required).

If you checked yes to any of the above, work with your supervisor to complete the Risk Assessment Form (3) and submit your research plan and the completed forms to the SRC for approval before starting any experimentation.
